

# IBM WATSON IOT PLATFORM AND DEVICE

Date	10 November 2022
TEAM MEMBERS	SANDEEP I (TEAM LEAD) BOOPATHI S ANBAZHAGAN E KARTHIK M
Team ID	PNT2022TMID29462
Project Name	Smart Solution for Railways

The screenshot shows the IBM Watson IoT Platform dashboard. The main heading is "Browse Devices". Below it, there are two buttons: "All Devices" and "Diagnose". A paragraph explains that the table shows a summary of all devices added and can be filtered, organized, and searched. Below this is a search bar labeled "Search by Device ID". To the right, there is a "Device Simulator" toggle switch. The table below has columns: Device ID, Status, Device Type, Class ID, and Date Added. It contains one row for a device with ID "abc", status "Disconnected", type "123", class ID "Device", and date "Nov 10, 2022 9:55 AM". At the bottom, it shows "Items per page 50" and "1 of 1 page".

Device ID	Status	Device Type	Class ID	Date Added
abc	Disconnected	123	Device	Nov 10, 2022 9:55 AM
